

3 WAYS UT TYLER IS DESIGNED FOR YOUR SUCCESS

Make a powerful impact in your career with an advanced degree from The University of Texas at Tyler. For more than 50 years, we've been empowering students to grow professionally while nurturing their desire to discover. From highly regarded faculty to flexible scheduling to a practical curriculum and more, everything about our graduate education is designed to put success within your reach.

1. DESIGNED FOR ACADEMIC EXCELLENCE

UT Tyler is proud to be a part of the prestigious University of Texas System. We also stand out as a leading research institution with an R2 Carnegie classification. With UT on your degree, you'll open doors to new professional opportunities in fields such as business administration, computer science, engineering and nursing. Choose from **over 40 offerings** to earn your master's or doctoral degree from a respected university.

Learn from **renowned instructors** who bring their industry expertise into the classroom. Our faculty are lifelong learners who encourage their students to push the boundaries of knowledge. Plus, our student-to-teacher ratio fosters individual engagement with faculty and a **personalized educational experience**. You'll soon realize that your professors often go above and beyond to help you grow personally and professionally.

“What I like most about UT Tyler is the support, enthusiasm, and expertise of the faculty members. They are world scholars, outstanding role models, expert facilitators of the online learning process, and are truly committed to positive student outcomes.”

– Tracy Nash, Nursing Ph.D. alumna

2. DESIGNED FOR ADULT LEARNERS

At UT Tyler, we understand that life doesn't stop when you pursue your graduate degree. That's why we created **flexible program offerings** for the busy, working professional. Experience a curated adult education that meets your needs with convenient scheduling options:

- Most programs are offered on both a **full-time** and **part-time** basis.
- Classes are also available **online**, on the **weekend** or in the **evening**.
- **Hybrid** courses blend online and on-campus learning.

In addition to supportive, top-quality instructors, you'll also have access to comprehensive student support services, like **Career Success Coaches** who guide you through moving ahead in a current or new career.

“Devoted to ensuring our success, our professors bring extensive knowledge to the coursework and are great at finding diverse settings for our service-learning experiences. The program also allows me the flexibility to continue working while earning my degree.”

– Jeani Battershell, Occupational Therapy MOT alumna

3. DESIGNED FOR THE REAL WORLD

The **outcome-focused curriculum** at UT Tyler equips you with marketable skills for the careers of today and tomorrow. We also promote teaching techniques based on cutting-edge research, utilizing the latest technology and methodologies. All this is to ensure that you receive a quality education that puts your goals within reach.

Participate in engaging coursework and valuable research projects that prepare you to handle new challenges, take on leadership roles and contribute to your community. Upon graduation, you can confidently step into your field as a **job-ready** and **well-rounded** professional. Plus, we provide the quality education of a small private university without the private university expenses.

“I feel that I could not have received a better education anywhere else or be more prepared to face the challenges entering today’s competitive job market.”

– Juliana Cruz, Family Nurse Practitioner MSN Alumna
